

PTCS

Proton Therapy Center Switzerland AG

16 Why haven't I heard of proton therapy?

Many doctors may not be familiar with proton therapy because of the limited numbers of treatment facilities in Switzerland (Paus Scherrer Institute / PSI). PTC nearby the Lake of Lucerne is working to increase this number and is dedicated to making proton therapy accessible to everyone who needs it, wherever they are. PTC nearby the Lake of Lucerne also partners with leading cancer treatment facilities around the world to continuously advance proton therapy research through protocols and clinical trials. PTC nearby the Lake of Lucerne share a single focus – using proton therapy to treat cancer patients.

At PTC nearby the Lake of Lucerne, your health will be our mission.
